Hi Stephanie:

Per Tim's email. I will be your point of contact. I will likely be heading up to Ottawa shortly to join members from our National Capital Region Enforcement Team and Ontario Region.

Please forgive the simplicity of the document I have attached. I made it scenario based to include situations front line officers might encounter that would give grounds to investigate and request assistance by subject matter experts from TDG or MTO.

I will be moving on to draft procedure for our people so having some the information I requested from Tim as to where to report and also hours of work would be helpful.

We hope to avoid a situation where our people would be reporting to a location in the downtown core to join their teams.

I hope this helps.
